Experienced: React, MySQL/SQL, MongoDB, Handlebars, GreenSock, Photoshop/Illustrator

APPLICATIONS DEVELOPED

Plantr - Full Stack Developer

[LIVE](#) | [GITHUB](#)

- Utilized moment-recur and moment npm packages to develop the logic behind scheduling recurring care reminders.
- Built reminder and plant profile components and also set up routing using React Router.
- Responsible for the application's overall layout and design. Used Bootstrap for responsive layout/forms/panels and react-modal npm package for modals.

Plaudit! - Front End Developer

[LIVE](#) | [GITHUB](#)

- Served as UI/UX designer and front-end developer in our team of five to create the overall design and layout of website
- Utilized GreenSock for animations, Materialize for responsive layout/forms/modal, Handlebars for templating/displaying data and HTML/CSS/jQuery to create a custom design. Created Plaudit! badges using Adobe Illustrator.

Rainbow Scraper - Full Stack Developer

[LIVE](#) | [GITHUB](#)

- Developed using HTML/CSS/jQuery, AJAX, Node, Express, MongoDB, Handlebars and Materialize.

Between You & Me - Front End Developer

[LIVE](#) | [GITHUB](#)

- Served as UI/UX designer and front-end developer on a team of four to create the overall design and layout of website.
- Utilized Bootstrap for responsive layout/forms/modals, jQuery for the mobile sliding navigation, Snazzy Maps to customize the Google Maps theme and HTML/CSS/jQuery to create a custom design.

PROFESSIONAL EXPERIENCE

Allstate Insurance Company, Northbrook, IL - Pricing Technician Consultant

2015 - Present

Previous Titles: Pricing Technician Analyst, Sr. Pricing Technician Analyst

- Act as a liaison between business and IT teams during pricing and product change projects. Collaborate with developers and UX designers to develop project requirements, perform system testing and ensure business goals are met.
- Train new hires, delegate and review deliverables for more than 60 projects annually.
- Recognized by management and peers for contributions on the successful implementation of a complex pricing pilot project. In addition to usual responsibilities, also developed and documented new processes to aid the Technician team during subsequent rollouts.
