TECHNICAL SKILLS

Strong: Javascript/Node, Express, MongoDB, jQuery, HTML/CSS, AJAX, Git, Bootstrap

Experienced: React, MySQL/SQL, MongoDB, Handlebars, GreenSock, Photoshop/Illustrator

APPLICATIONS DEVELOPED

Plantr - *Full Stack Developer*   **LIVE** | **GITHUB**
- Easy to use application for new and busy plant owners to store plant information and set recurring care reminders.
- Utilized moment-recur and moment npm packages to develop the logic behind displaying recurring care reminders.
- Built reminder and plant profile components and also set up routing using React Router.
- Responsible for the application's overall layout and design. Used Bootstrap for responsive layout/forms/panels and react-modal npm package for modals.

Plaudit! - *Front End Developer*   **LIVE** | **GITHUB**
- Plaudit! is a workplace application that allows coworkers to publicly applaud the achievements of their peers and employees.
- Served as UI/UX designer and front-end developer in our team of five to create the overall design and layout of website
- Utilized GreenSock for animations, Materialize for responsive layout/forms/modal, Handlebars for templating/displaying data and HTML/CSS/jQuery to create a custom design. Created Plaudit! badges using Adobe Illustrator.

Rainbow Scraper - *Full Stack Developer*   **LIVE** | **GITHUB**
- A web application that scrapes the web for rainbow-colored clothing and accessories and stores the data in a database.
- Developed using HTML/CSS/jQuery, AJAX, Node, Express, MongoDB, Handlebars and Materialize.

Between You & Me - *Front End Developer*   **LIVE** | **GITHUB**
- An easy to use, mobile-friendly application that suggests convenient places for friends to meet by finding the midpoint between two locations.
- Served as UI/UX designer and front-end developer on a team of four to create the overall design and layout of website.
- Utilized Bootstrap for responsive layout/forms/modals, jQuery for the mobile sliding navigation, Snazzy Maps to customize the Google Maps theme and HTML/CSS/jQuery to create a custom design.

PROFESSIONAL EXPERIENCE

Allstate Insurance Company, Northbrook, IL - *Sr. Pricing Technician Consultant*   2015 - Present
- Previous Titles: *Pricing Technician Analyst, Sr. Pricing Technician Analyst, Pricing Technician Consultant*
